

Fun, friendship & education!

THE HISTORY OF THE ASSOCIATION OF MEDICAL RECEPTIONISTS

The Association came into being when our founder, Kadie Moyle R.N. saw a need to unite Medical Receptionists working in professional isolation, who until then were a faceless voice at the end of a telephone.

The inaugural meeting was held on 9th September 1987 and from there a committee was formed.

Since this first meeting the Association has grown enormously and has become a well-respected and highly professional Association.

THE AIMS OF THE ASSOCIATION

Social, morale and educational support for our colleagues.
